

Daledon™ ASIC Miner Disclaimer

These disclaimer and conditions outline the rules and regulations regarding the ASIC (application-specific integrated circuit) miners sold by the Daledon™ unless stated otherwise.

Daledon is located at:

19 McDonald Street, Berala
NSW 2141, Australia

Daledon contact information:

Email: mail@daledon.com or realdaledon@gmail.com

Website: <https://daledon.com/>

This document fully complies and refers to the following documents:

- [Daledon Privacy Policy](#)
- [Daledon Terms of Service](#)
- [And conditions stated in the About webpage of Daledon.Com](#)

By purchasing or using any Daledon sold ASIC miner we assume you accept all the current applicable disclaimers, policies, terms, and conditions in full. Please, do not continue to use any Daledon sold ASIC miner if you do not accept all of the disclaimers, terms, and conditions.

The following terminologies apply to this entire Disclaimer Notice and any or all Agreements: "Client", "Customer", "You" and "Your" refers to you, the person purchased and/or using any Daledon sold ASIC miner and accepting this statement. "The Company", "Ourselves", "We", "Our" and "Us", refers to Daledon. "Party", "Parties", or "Us", refers to both the Client and ourselves, or either the Client or ourselves. "The Products" refers to any Daledon sold ASIC miner. All terms refer to the offer, acceptance, and consideration of payment necessary to undertake the process of our assistance to the Client in the most appropriate manner, whether by formal meetings of a fixed duration or any other means, for the express purpose of meeting the Client's needs in respect of the provision of the Company's stated services/products, in accordance with and subject to, prevailing law of Australia. Any use of the above terminology or other words in the singular, plural, capitalization and/or he/she or they, are taken as interchangeable and therefore as referring to the same. Any correction to this statement is appreciated.

Disclaimer Notice

- a) The technical information and images related to the product is supplied directly either by the original product manufacturer or taken from popular authentic sources. Unless stated otherwise, Daledon and/or its resellers cannot assure accuracy. Feel free to contact us if any changes required.
- b) The product description or any related information are just the summary of the technical information already mentioned on the product page. Unless stated otherwise, since Daledon and/or its resellers cannot assure the accuracy of the technical information, Daledon and/or its resellers cannot assure accuracy of the product description or any related information either.
- c) The estimated profitability was taken from asicminervalue.com and whattomine.com websites on a random date. The electricity cost was estimated by assuming the cost of per kWh (kilowatt hour) of 0.15 USD (United States Dollar). All of those information maybe not be accurate but mentioned for estimation purpose. The cost of electricity and the price of the related and/or mining cryptocurrency can heavily shift profit and loss margins at any moment.
- d) The entire cryptocurrency mining activity through the ASIC mining is very risky and we are not responsible for any downtime, loss of investment, and/or any kind of negative effect or side effect. Feel free to contact us if any before-purchase consultation is required.
- e) Any information regarding the product or related to the product can be changed at any time.
- f) The product may require extensive time to get manufactured and/or be fulfillment ready. The same applies to aftersales and replacement parts as well. Estimated quoted times are estimations only, and delays are always expected.
- g) The price of the product is always changing due to a lot of factors. The price quoted in the invoice is the exact moment price and the price may increase or decrease at any time for other customers or invoices.
- h) When sold, we assume the buyer already knows how to use the product. And user guides are the responsibility of the manufacturer. Daledon and/or its resellers are just third-party sellers. However, feel free to contact us.
- i) All products are sold as supplied by the manufacturers and/or suppliers. Additional equipment and/or arrangements maybe required to make the products work.
- j) Not all batch of the product and/or not all products have warranty and/or replacement guarantee. If any product has warranty and/or replacement guarantee, it will be mentioned in the emails and/or the related documents sent via any available medium. The warranty and/or replacement guarantee is handled directly by the manufacturer(s) or the brand(s) associated with the product. The same applies to all the replacement products, parts, and repair jobs.
- k) The "Warranty Policy", as mentioned in the Daledon Standard Terms of Service, fully apply.

After Sales Service

We, the manufacturer(s), and/or the supplier(s) provide after sales service. If any issues arise, please feel free to contact us. Unless the problem was caused by warranty limitations, we will repair and/or replace a defective product, at our discretion, with identical and/or similar (i.e., newer) versioned parts during the warranty period. Depending on the situation, we will guide you and may establish a direct contact with the product factory for you. During after sales service requests, you may have to fill out some forms. And sometimes you may have to safely ship the product to a designated service centre. The shipping cost, for most of the cases, are your responsibility. However, depending on the situation, we may reimburse you. We may ask you for relevant documents, including shipping related documents, at any time.

Updates

We reserve the rights for updating this Disclaimer Notice and/or any policy attached with it. Any updates to this Disclaimer Notice may be notified via electronic mediums. We may use website notifications or pop-ups to notify about the change, but it will be maintained for a limited amount of time only.
